### Friday'll Be an Important Remnant Day.

CORES of remnants and short lengths in Colored and Black Dress Goods, and all sorts of Wash Fabrics. Our rule of always cutting lengths to suit customers creates great quantities of remnants. The accumulation this week consists of the newest and brightest spring styles, and the lengths are sufficient for a separate skirt, a waist, a child's frock, a boy's or girl's shirt waist. We have made the prices very low in order to sell quickly.

There are also multitudes of odds and ends, incomplete lines, broken sizes and assortments, etc. These, together with any merchandise not strictly perfect or not measuring up to our high standard, and any particular styles of goods that lag or have not sold as quickly as we think they should, are treated as remnants, and by force of a reduced price will be closed out immediately. Thus you are afforded an opportunity to buy seasonable and desirable merchandise at a decided saving, and we are enabled to keep our stocks complete, fresh and attractive all the time.
